

Philatelic Newsletter Volleyball

Nr. 36 = 2021

Dear friends,

My father Piet van den Berg, alias Volleyphil, has issued a total number of 35 issues of the Philatelic Newsletter Volleyball, which many of you have received over the last ten years.

Unfortunately I have to tell you that my father passed away last december 2020, after being ill for a short periode of time, at the age of 78 years.

After his retirement he dedicated a significant amount of time to grow his collection of Volleyball oriented stamps and cancels. From 2011 onwards he also started to publish Newsletters about all his stamps and volleyball related enquiries. In the philatelic world he used the alias of VolleyPhil to do so.

The total collection of issues of his newsletter can still be found on <https://aicolympic.org/resources/members-archives/volleyball-publications/>

In memory of his dedication to the world of volleyball in general and to his special significance for the philatelic world of volleyball, I have made personal stamps of his picture.

Hereby I want to thank you very much for your interest shown in his philatelic work.
It meant a lot to him to have so many members on his readinglist.

Kind regards and wishing the best for you all,

Anna Maria van den Berg

Daughter of Mr. Piet van den Berg - © VolleyPhil
